“ Doreen was a great teacher at Ledge St. School. She loved the students and often played her guitar and sang with them. She was an inspiration to all who knew her. She was so courageous and positive through out her years battling cancer because of her religious faith, especially in St. Jude. I loved working with her for all those years she was at Ledge St. and will miss her. I hope you and my sister are up there in heaven watching over us!

“ I have known Doreen as a Mother to one of my students Andrea. Doreen was so proud of all of Andrea's accomplishments especially when she sang on Community Auditions singing New York , New York . I was fortunate to have Andrea at Birch Hill and watched her grow and accomplish so much Her Mom lived it when she subbed in classrooms in Nashua and enjoyed all of Andreas accomplishments big or small . Having worked at Ledge St for the last 5 years of my career as a Tirlle I teacher . I marveled at her gifts and talents to help all Kids learn The kids loved it when she played her guitar and subbed sometimes for Mr. Gomas What a courageous woman with a positive attitude through her 14 year battle with Cancer to Andrea and all who were touched by her life

“ My fondest memory of Doreen is when she would borrow my apple vest for the Johnny Appleseed celebration at Ledge St. She loved teaching and all things musical, may she rest in peace and sing with the angels.

“ October 6, 2019

Doreen was my best friend at Westfield State College. We had a 50th Anniversary yesterday at the college. I was looking forward to seeing her and deeply saddened to learn of her death.

We had so many laughs together!!!

I remember her wedding in Springfield so well. She was the singer at the reception. What a beautiful voice she had!

Andrea, you were lucky to have such a wonderful, talented and happy person as a mother.

“ I was the bass player in her band and Doreen was always a 1st class girl and cute as a button. I remember the first time we met, in a cellar and she sang beautifully acappella - "Love Me Tender". The band came together effortlessly. I'll always have fond memories of her singing and John playing the trumpet and singing with her. Her voice was always pitch perfect and no matter what wrong key we started to play she would come in with the right key and stayed with it until the rest of the band caught on. We played weekends for four year straight, and then she went on without me. it was a blast. RIP Doreen. Sincerely, Tom

Whalen.
