“ It is very sad someone so lovely has left us at such a young age. I remember Doreen from our days on the Little League baseball field when she and Mike would be there with all 4 children to support the kids playing ball. She always had a smile on her face and was one of the kindest people I had ever met, was always willing to help us out in the concessions stand and with anything else the kids needed. One thing is for certain, she loved her family very much. My heart aches for their loss and my prayers go out to all of you.

“ We have two ways of remembering people who leave us and start another journey: we either cry over their absence or smile and remember them through the countless memories. As your grief subsides the scales will tip to the fond memories. I'm sure Doreen wants you to smile forever. Please accept our heartfelt condolences and we hope that in a small way they help through these trying times.

“ Our thoughts and prayers are with your family in remembering a special woman. When we moved to Nashua years ago, Doreen, was one of the first people I met. She was very welcoming and shared some things about the city which was very helpful.
Having children the same age we would spend time at school functions, soccer field and church. When I think of Doreen the word unconditional comes to mind. Always willing to lend a hand or two. As years have gone by when we would run into one another she would always have a big beaming smile when talking about her husband Mike and recent travels and her children.
She was truly a special person and will be missed.

“ My sincere condolences to Mike and the rest of the Morrissey family. Doreen was always there to help me and my company for the past thirty years. I always appreciated that. Tax time for me and my company has always been a challenge and Doreen was always there to help me through, year after year, decade after decade. Her patience, understanding, knowledge, caring and uncommonly pleasant personality, especially under the pressures of the tax season, will truly be missed. May she rest in peace.

“ After 30 years I actually looked forward to tax time because I knew that I would be talking to Doreen. She was always such an upbeat person that it was a joy to hear her voice. Never rattled, never short, always a smooth and calming voice on the phone in the face of my panic calls. I feel blessed to have known her. Godspeed Doreen.
