Comments

“ My condolences to the family on your loss of Fred. There is much pain for the loved ones who are the survivors. i find comfort from the holy scriptures at times as this and perhaps you do also. Our Lord Jesus himself knew of this pain when losing his close friend Lazarus. You may find a measure of comfort from this account in the book of John. Here Jesus helps us to know the condition of our loved ones in chapter 11 where he likens death to being asleep. Then the hope for the future is found at John 11:25. Again my sympathies to all family members.

“ To the Wilhelmi/Garside family...we share in your heartache, but also share in the love and memories of Freddie. Saying goodbye is especially difficult as he was taken from us so tragically. Please know that Freddie wasn't an employee to us...he was a best friend and like a son. Thank you all for allowing us to be a part of your entire family through the years. Freddie was truly blessed to have such a loving and caring family as well as his best friends Kevin and Cory. We are truly going to miss hearing about his time spent with all of you...especially Trinity, Pace and Dakota. He was a very proud father. Please know that we will always be here to lend support.
