“ To Judy and family:
My deepest sympathy and heartfelt condolences. I was Harvey's manager for over seven years at Cisco. Harvey worked on some of the most advanced networking technology in the world. He did so in his quiet and unassuming way with professionalism and always with a smile. Harvey was always ready to lend a hand and help his co-workers.

While he will be missed for his technical expertise and his can do attitude, he will be missed far more as a colleague, a gentleman, and a friend.

Harvey and I had many discussions over the years about the differences between a submariner and a carrier sailor. We traded many stories about our experiences in the Navy and of course how submariners were far superior to carrier sailors. I will treasure those memories and stories and will always keep Harvey in my thoughts and prayers.

“ I knew Harvey for four years at Cisco, and I can easily say that every interaction with him was a pleasure. He was such a kind, gentle, thoughtful man -- and a lot of fun. He had such a great smile. Harvey will be greatly missed by all fortunate enough to have had their lives touched by him. My thoughts and prayers are with your whole family. You have my deepest sympathy.

“ Heather and Family,
We were so shocked to hear of your dads passing.
Your family is in our thoughts and prayers.
Find comfort in remembering the good times and know that he is in a wonderful place called heaven.
It is more difficult for those left behind, but know that you will be reunited with him again.
