“ Hi Doreen,

Saddened to hear about John.

This is a blast from the past, your bass player from your first band The Corporation, Tom Whalen.

I often have memories of our band, and just looked you and John up on the net. I'm happy to see that you stayed together all these years.

John was always so much fun and so cool to be around, and I'm sure he'll always be with you. Perhaps we'll all play together again in heaven.

I pray that you "the little girl with the big voice" are doing well.

With much affection,

“ I knew Johnny in High School, we lived near each other and our mothers were friends as well. He played in the band and I was in the baton squad. We dated a while, but then each went our separate ways, but there was always a special place in my heart for him. I have thought of him often and am very sorry for your loss Doreen, Andrea and Jeannie (he always called you that). I am sad that as such a caring and wonderful person he was that he had to endure this illness. I pray now that he rests in peace and he is now with his Mom and Dad who he loved so much. Doreen please dwell on the wonderful memories he left with you and the love you shared.

“ Doreen, I'll always remember John for what he brought to our group and the positive energy he had no matter what the circumstances. I know his life revolved around you, Andrea and the dogs and that he had a passion for his Shelby! Don't be a stranger and celebrate the goodness John shared with all. Love, Chuck Hobbs

“ My sincere condolences to the Marconi family and friends. John and I were "chemo buddies" at St. Joseph's Hospital. We shared many hours sitting next to each other exchanging stories. John helped make the hours fly by - I will hold those memories close. He was a great guy and I will miss him. May he rest in peace and may your grief be eased, God bless.
