“ My condolences to Andy and your family. I apologize for the late response, I just found out about this horrible news yesterday. I will miss Matt alot. He was very influential to me during my high school years. One of the best soccer players i had ever played with. We kept up after high school through the other football- fantasy and flag (Doomshanks). I always looked forward to our meetings and coversations. This tribute video triggers alot of great memories of Matt and shows how he was always there for friends and family. He holds a special place in my heart and I just wish I could of saw him one more time. Rest in peace Matty! Kevin Stowell

“ Foremost, my sincerest condolences to the Quigley family.

Matty - You were a year up on me at Alvirne, but made me feel safe in my early years there because of your unconditional kindness and acceptance. Your moral compass always pointed in the right direction. You were arguably one of the top 5 athletes I've met. Ridiculous skills on the soccer field.

I left NH a long time ago, but certain people resonate in my memory, and you are/were one of them. A Cowboys fan. We talked a lot about the Cowboys and revelled when they won a Super Bowl or two (more?!).

You were always interested in what others were up to and involved and put a lot of other people before yourself. A rare quality indeed.

Rest easy Matt.

Thanks bro-

“ In high school, I knew Matt from a distance as a soccer player. After high school, I knew Matt a bit better as my sister's boyfriend. And after college, I got to know Matt as a co-worker - and, more importantly, as a friend. His quick wit always kept me on my toes - and when he laughed, I laughed. His creativity and sense of humor inspired me to the point that I cast him in my first film - for which he even chipped in a little money to help get it made. I've attached a few behind-the scene pictures from the film - featuring Matt in the white and red jump suit. I've also attached some screen grabs from a comedic video that we made a few months later just for fun. These were silly and humorous times - and simpler times, some might say - and that had everything to do with Matt being there. I'll always be grateful to him for keeping things childlike and light for those around him. My condolences and love to Andy, his family and friends. Rest easy, Quigs.

“ I met Matt on the basketball courts of Greely Park in Hudson, NH around 1990. I looked up to Matt and found myself playing basketball and hanging out with him often. We were extremely close at times and I considered him a great friend. He was hands down the funniest guy around and could brighten up any room he walked into. I'll always remember the good times and know that he is in a better place now. Rest in peace old friend.

“ My heart is broken. You were my very first childhood friend, at each other's birthdays and lived in the same house when we were little. Apparently next to applesauce and graham crackers, you were my favorite, according to my baby book. You were the taste tester for all my creations in my Holly Hobby oven, and the first time I met Scott Law was playing in your back yard near the airport. Those memories I will take with me forever. I hope you are at peace. Give my Mom a hug, I'll give your Mom one tomorrow...
