“ Reading yeasterdays HLN and Jen and Veronica Im Sorry to hear about your dads passing. I loved him as a dentist and then would stop and chat with him when I was leaving HO Smith after dropping students off to listen to him complain about the Town damaging the wall in front of the house until he sold it. Occasionally I would run into him out and about after that last time was a few years back at a barber shop. Your family is in my thoughts and prayers.

“ Thanks so much Rob! He enjoyed having you as a patient.

“ Sending my thoughts and prayers to you all during this difficult time. I cherish so many memories of time spent at your house growing up, and I remember him well. From after school dentist appointments, to sitting through humid, endless swim meets, to giving me and Veronica “the look” when we couldn’t choke down the giggles at the dinner table. He was a great man and I’m thankful I got to share some of my earlier years with your family.

“ I have many wonderful memories of pool parties, traveling to swim meets, etc. Recently watched a video that he tapped at a meet at Dartmouth College. A very supportive Dad, whom I know will be missed.
