“ I am so sorry about Roger's unexpected death. He was a fine, intelligent man who was happy to share his great deal of knowledge. On August 4 at Branford, Connecticut I was fortunate enough to spend a day with him and took this photo of Roger and some of his friends aboard one of his favorite streetcars, Connecticut Company 500. A few minutes later he enthusiastically operated the beautifully restored car and treated us to a wonderful ride.

“ So sorry to read about Roger's passing. My thoughts and prayers are with you and your family Eileen. Haven't see Roger since our days working at Carr Fastener, but he was such a nice person and friend. Sincerely, Barbara Hubert

“ I met Roger in 1960 at the New Haven Society of Model Engineers and we spent many hours running the trolleys at the club every Friday night and show dates also. He was 8 years younger than I was but we always had a good time there. I was with him on August 4th 2017 at the Shoreline Trolley museum where he always wanted to run the premier car ConnCO500 which he did that day and a day to be remembered. His great trolley models are outstanding and masterful jobs.

“ A wonderful man I had known in my youth. It is very fitting that one of my earliest memories shared with the Somers' family was in regards to the trollies; and are on this page in repeated imagery. The only time I weep in life is in encountering death. Not for those who moved on to the eternal, but for those those left behind. Though I have not seen Mr. Somers in years, I weep for Mrs. Somers, my buddy Brett, his wife and Mr. Somers' grandchildren.

Memory Eternal.

Love,

“ I first met Roger at Bretton and Ginny's wedding. I had the honor to be a groomsman, and I got to be a part of all the pre-wedding events with the family. Roger and I hit it off at the very start. He was a very kind man with a great sense of humor. He and I quickly became good friends, and even though we would go several years without seeing one another, the years would melt away when we saw each other. Roger always had a smile on his face and a chuckle that was contagious. He was always a great husband, father, grandfather and, especially to me, friend. I feel honored to have him in my life as a friend. I will cherish the time I spent with him and his wonderful family and toast his memory. My heart goes out to the family. I look forward hearing more about his life from Bretton during our future adventures.

“ My prayers and best wishes go out to the Somers family for their loss. Roger was a true Gentleman, and I appreciated his advocacy of all things pertaining to street railways. We shared many hours operating 966 through the streets of Lowell. Roger engaged riders of all ages, and combined his knowledge and sense of humor to share the history of 966 to our riders. He will be missed.

“ May the love of those around you help you through the days ahead. You are in my thoughts and prayers. Kathy Vaillancourt

“ I often called Roger to discuss Seashore issues, and he always made time to listen, encourage, and offer support. He had a great sense of humor, and I thought he was funny even when the humorous remark was at my expense. I am grateful to have known Roger, and my thoughts are with his family and the many, many people who will miss him.
