“ *Don, Lisa and Don Don,
I am sorry to hear about your loss of Beverly. I saw her last six years ago when she and you Don came to my mother's funeral. You both looked exactly like I remembered and I'm glad I got a few minutes to talk and catch up. Time goes by and we are all getting older, but I was shocked that she was 87, a good long life. The video tribute was beautiful. Lisa and Don Don, I haven't seen you since our fun summers at Sheila's Grove but do think of you both often all these years later. I wish you all peace in this difficult time.

“ Beverly was a lovely friend to me! She was a member of my Small Group at church, "Book by Book", in which we were reading through the Bible, each Sunday. She always had such keen insight into God's word and added so much to our class time! We loved hearing stories of her travels with the Hudson Senior Center. She was happiest when she was going on a trip, or doing something with her friend, Marty Fraser, and they loved talking about the plays they were able to see and good times they had had together! I can't think of anyone I've seen who aged as gracefully as Beverly! She never complained about her pain or difficulties walking. She loved Don and was patient with him even when their home had become difficult for her (the stairs). Always upbeat and positive. I used to go over and help her sometime to stuff cards, when she was working for a card company, and I loved having conversations with her! She always made me feel like I was the only person in the world when we were talking. She was so genuinely interested in everyone else, a great listener! It was obvious that she knew the Lord, and because of that, she had a cheerful disposition. She could laugh easily, at herself, at the indignities of aging, but never at the expense of others. I will always remember our last outing together, a trip to Cracker Barrell and DejuVu, which she loved! Even walking with a walker and wearing a belt (in case she fell) didn't slow her down a bit! I was saddened to hear that she had gone into the hospital and then finally hospice. I loved Beverly, and will miss her! I'm sorry I will be out of town next week, but will hopefully be able to see Don at some point soon. I rejoice, knowing that she is starting, not just a New Year, but an eternity in heaven! Beverly touched my life in a positive and meaningful way! Hugs to Don and to her daughter.
