“ You were always there when anyone needed anything. You always had a smile on your face. You lit up every room you entered with your goofy personality and sweet soul. You were the friend that everyone wanted. I remember when Dylan first introduced me to you almost 10 years ago...you brought so much joy and laughter to all of us. I will always remember all the stories your fellow friends and scouts would tell, the mount Katahdin story is my favorite! I'll always remember all the times we got together, playing Halo in Anthony's basement, going to the mall, our wedding day, that day not too long ago when me, you, Dylan, and Mike went to Sakura, and most recently, our baby shower. I still loved the moment Dylan and I were opening our gifts and we just hear the Pokémon theme song come on, knowing you put it on. Let's not forget all the times you went to the Pub at Whole Foods and I'd be able to see you while working. You'd make my day every time I saw you! I'm heartbroken that Luna won't be able to meet you, but I know you'll be watching from above! She will know who you are and how great of a person you were. We will bring her to your resting place soon after she is born so you can meet her from above. There's so much more I could say, my heart breaks more and more as I write this... We will never forget you and will always cherish the times we've had together and the memories made. We love you Brett watch over us. Until we see eachother again.. 🙏💕

“ Everyone at Symphony is devastated by the loss of Brett. He was a deeply caring person who saw the best in everyone. His infectious smile and sharp sense of humor brought light into every situation. Brett was also an absolutely brilliant design engineer whose solutions were used in some of the world's most powerful devices. We're all better off for having known Brett and will never forget the joy he brought to our lives.

“ Having late night chats and cuddles. Laughing at scary movies. Visting my grammy and having game nights with her. Last time i saw Bret I slept over his house,cuddling and making playdo. These will always be memories I treasure. He was the love of my life, and he will always hold that spot in my heart. I hate not having more time with him. He touched more lives than he will ever know. I love you.

I felt such sadness when I heard of the loss of Brett. With sympathy to Brett's Mom & Dad , family, and friends.. I met Brett a few times in when he'd come over with Kayla for a visit. We'd play Scrabble, Chinese Checkers and just laugh a lot. Brett was such a great guy . Brett took a bit of Kayla's heart with him. Rest in Peace Brett. 🙏
