“ *My great grandmother was the lifeline of our family. I have fond memories of being little and visiting her home in Hudson often, I loved it. She's the warmest and kindest woman I've known in my life and I'll miss her so much. She was always invested in my life no matter how much time passed and it was the same with every generation she created, she loved everyone. Rest in peace ❤️*

“ *A great grandmother and person. She was my second mother and I will always cherish the times I had with her. She was always there when you needed to talk and not if the wisest person I know she was at a close tie. I know it was her time to go but I wish I could have had her a lattice longer. Love you Grammy.*

You were lucky to have the time in her younger years when we would go for Sunday family time with Grammy and Grampy

“ *Shes my bestfriend that i never got enough of. Between the stories, the teaching of different life needs, or just listening to her talk. I love every second of it. I wish i ask more questions about her life cuz there is so much i dont know. She taught me patience, to be kind, and how to give sass properly. Its been hard to think shes gone. But will never forget you grammy* ❤️

“ I was blessed at birth to have you as my mom and grandmother to my daughter and son. You picked me up so many times and showed me what a strong woman was. As I grew older I understood the struggles you conquered while caring for dad and us children. You never complained and made sure we had a loving home. I only hope that some day I can live up to the honor of you naming me after you. Love you mom & I miss you so! Your daughter, Catherine Ann Roberts II
