

Charles E. Paquin Jr.

April 30, 1964 - July 19, 2025

Charles E Paquin Jr.

Our beloved family member passed away peacefully on July 19, 2025. He lived life to the fullest, finding joy in ocean fishing, hunting, and tending to his garden. He was known for his culinary skills and love of sports cars. Above all, he will be remembered for his generous heart, sarcastic wit, and kindness he showed to everyone he met.

He found peace and solace in nature, whether casting his line into the ocean waves or walking through the woods looking for deer. His connection to the natural world was profound and deeply personal. He touched many lives with warmth and compassion, leaving behind a legacy of love that will continue to inspire all who knew him.

In lieu of flowers, the family requests donations be made to the Community Hospice House in Merrimack, NH at www.hhhc.org or to the Nashua Soup Kitchen & Shelter at www.nskks.org

A wake will be held for family and friends who knew him on Monday, July 28th from 5:00-7:00pm in the Dumont - Sullivan Funeral Home, 50 Ferry Street, Hudson, NH. Burial services will be held privately.

“ Charlie and I went on many great adventures. Many of them started off as normal days in the woods or out on the ocean. Inevitably, some turn of events, either of our own making or some external circumstance, would turn that adventure into something we'd tell stories about at hunting camp repeatedly for years and years.

On these adventures, we all turned to Charlie to be the leader. Whether it was hunting a new patch of woods, crossing a frozen pond, or piloting a small boat 10 miles offshore in a fog bank, Charlie would be the one leading the way or at the helm.

Charlie and I have gone on our last adventure together. It's hard to write those words. But what makes me happy is that I and those around him who went on adventures with him will be able to tell those stories and carry on his memory. Boy did he leave me with some great stories to tell.

Thanks for all of the great adventures Charlie.

“*My precious husband passed away on July 19, 2025, with me by his side, after we shared 40 incredible years together. You were not just my husband, but my best friend, my partner in everything, and the absolute love of my life.*

We built such a beautiful life together - from those early days as newlyweds to watching our daughter grow into the amazing 32-year-old woman she is today. We were a funny couple in that we were so different from each other, but we had the most wonderful chemistry. People used to say we were like that old TV show "Green Acres" - and they weren't wrong! But those differences made our love story even more special. You showed our daughter what a loving father and devoted husband looks like, and she carries the best parts of you in her heart.

I loved watching you live life to the fullest. Whether you were heading out for a day of ocean fishing, tending to your beloved garden, or working your magic in the kitchen with one of your incredible meals, you found joy in everything you did. Your passion for hunting and your sports cars brought such excitement to our days, and I cherished being part of your adventures.

Your sarcastic wit could make me laugh even on the hardest days, and your generous heart made everyone feel welcome in our home. You found such peace in nature - casting your line into the ocean waves or walking quietly through the woods - and I loved seeing how the outdoors restored your spirit.

For all those years, we did life together through every season, every challenge, every celebration. The memories we created are treasures I'll carry with me always. Though my heart aches without you here, I'm so grateful for the incredible love story we shared.

Until we meet again, my love.

When I first met Charlie the first thing I noticed was this guy can cook. I always loved his casseroles. They always had to be so hot you couldn't eat them right away.

He was always in charge of the cooking at hunting camp

Charlie loved the woods and hunting. He was so happy when Dave got a moose permit and Charlie was the second shooter. A couple years later he got his own moose permit and was successful. That was a very fun week in Jackson, NH. One of the hardest things I ever did was

when Charlie Tom Dave and I dragged that beast out of the woods. Got it out about midnight then had to find ice. What an experience Charlie and I also hunted Block Island. This was a very different type of hunting. We called it urban hunting. We were also very successful there for many years

Charlie was so much fun to be around

I will miss him very much

My deepest condolences to Teresa and the family on the passing of Charlie (I knew him best when we were kids as Chucky). I have many great memories of my cousin in the late 60s and thru the 70s. We even worked together at CSI in Lowell for a short time. Always a fun person to be around.

As adults we drifted apart and had little contact but seeing his picture brings back memories of him that are all positive.

Rest in Peace my cousin and friend,

Arthur 'Bud' Paquin, Jr.
