Oh Cherie, I miss you so. My best friend since we met in 1989 I love you so much, I am lost. You are forever in my heart and soul. There are very few people in life that have the friendship we shared. Through everything. I knew the day we met, we were destined to be best friends. We had this connection I've never felt with anyone. You are my love Cherie (friend) of a lifetime.

“ Dave - So sorry to hear of Cherie's passing. I will always remember her smile and infectious laugh. I recall how much she loved setting up the kid's games at the Legion summer outing, and then having a blast as the kids dove in. My granddaughters loved listening to Mrs Claus reading to them at the children's Christmas party. Her tireless work with Girls State was truly amazing. She fought hard these past years, and she will be missed. May she rest in peace.

“ I can still remember holding you for the first time, you were such a tiny baby to me. although we haven't seen as much of you as we would have liked too, my heart is hurting by your loss. I will miss that infectious smile and your sense of humor whenever we as a family were able to get together. you were loved by all who knew you. May God grant Peace and Healing to your Husband, brothers, sisters and especially your mother during this time of sorrow. Time may heal the hurt, but the Heartache never goes away. Rest in PEACE.
