“ *Damien was one of a very small group of people I consider close friends.. We both unfortunately spent a good amount of time at the valley st hotel but having him as my "roommate" for the entire time I was there made it so much better. spent every holiday together cooked every night and just laughed as much as possible in such a crappy setting. There was not a single person there that was more generous than Damien even outside he was always helping people out even if it's his last thing he could spare. I could ramble for days and still not say all the good things and funny times shared. We talked about this for months man! I prayed you wouldn't fall back into the life.. I love you man straight up I am sick over this rest easy my friend.*

“ Your laugh was contagious, your sense of humor was lifting (drove me nuts), your heart was so big, your life was so full. Anyone who had the chance to know you knows your presence was so live. I had the chance to love you. We shared many memories together. So many good times. I'll cherish them always. My heart is so broken. Ed, Joe, Eric I love you all! Damien until we meet again, forever I'll keep you in my heart. Rest easy my angel!

“ Hi my name is Todd Jordan and Damien was one of my very first friends. For years we did things every day together. Things from lowrider bikes to (fireworks) ,, Damien moved to NH back then there was no social media to keep contact but when we did see each other it was still a great friendship I am so greatfull to have known Damien and I will hold our memories close forever . My thoughts and prayers are with his family may his soul rest in peace.
