“ *So many memories....I can't choose just one to share! But every memory I replay in my head was always a great one when you were involved. We truly had some great times together with the gang and for that I am eternally grateful. I am thankful that fate had made our paths cross and we were able to share so many years as friends, even if it was cut short and too soon! I will never forget you, dear friend. And whenever I need to see or talk with you I will just look into my heart, you will be there!*

“ Late summer nights playing green ghost together with our friends all  
over our neighborhood. Always letting me go & win so you could  
continue to chase C.B. for a flirt or two. Can't ask for a better  
childhood than that.

I am so proud, grateful and especially lucky to have those memories  
with you. 30 years of friendship: from riding bicycles together to  
riding Harley's together. Thanks for being my friend through all of  
our life changes, Dave.

I will miss talking about all of it with you every single chance we  
could. I will treasure every memory...

Love,  
Cissy
