

David Trumble

October 27, 2023

David Trumble, 59, of Windham, NH, an extraordinary loving, generous, and devoted father, grandfather, and brother, passed away peacefully on Friday, October 27, 2023. He was born on April 1, 1964 in Boston, MA, son of the late William and Shirley (Blouin) Trumble. David spent his youth in Springfield, MA and eventually settled in Windham, NH where he raised his family.

David is survived by his two loving daughters whom he took great pride in, Tera Mullin and her husband John, and Kimberly Trumble and her partner Leone; beloved grandchildren Colin, Gabriella, Evan, Aubrey, and soon to be Milana; and siblings Dawn Stevens, James Trumble, and William Trumble.

David spent his career in the IT and life sciences fields, making many strong and long lasting connections with his colleagues. Outside of work David was a huge sci-fi fan, enjoyed tinkering with gadgets and technology, excelled at DIY and home projects, but mostly loved spending time with his daughters, their families, and giving/receiving hugs from his grandchildren.

The funeral services and burial will be private. In lieu of flowers, please consider a donation in David's loving memory to your favorite charity.

Tribute Wall

“ I just learned about David's passing, over a year later - what a great guy.. I was David's next door neighbor for 2 years during covid, both bachelors at the time living alone. Once he learned that I acquired covid, David went straight to the market, without me knowing, and left bags of fresh food at my front door. What I soon learned was just how generous he was, flat out refusing any form of compensation. Being a very handy guy, he offered to help with many things over that very short window in time. A small story for clearly such a large life. I only post this now hoping his daughters see it by chance.

“ I will miss trumble forever

Arvinhd Balakrishnan - November 06, 2023 at 06:02 PM

“ Dave and I met while working at an ISP during the Internet bubble period and we immediately hit it off. In the 20 plus years that followed, we spent time fixing foreclosed houses, frequented local and Boston restaurants, and he was my shooting buddy. He had a great sense of humor and imagination that he shared with us in the form of books he wanted to write. The memories will be forever special. Dave was a bright light in everyone's life that knew him. We will miss Dave tremendously. "... he is not gone, he's just away."

“ I was Dave's neighbor for the last 15 years and we would talk often and I was fortunate enough to spend time shooting with him, one of our shared passions. He was truly a special man and will be missed.

“ No stories of his professionalism
Just such a man I will
Miss. So sad. I hope he is in a good place. So many tears. All I can say is. I love you man.

“ David was a co-worker and a friend at Kadmon. I am sad and shocked to hear of his passing. He was so full of life. Professionally, his deep experience in IT was extremely helpful. We had many conversations about family and I could tell he loved his family very much. I will always have good memories of David. Rest in Peace.

“ So sad to hear about Dave's passing. Working with him at Kadmon and then Novavax over the last few years have been such a blessing. Besides being extremely talented and knowledgeable about everything, Dave was a hard worker and extremely humble. He shared his love and pride of his family, daughters and grandkids. It was always a joy to speak with him. Only a few days after meeting Dave a few years ago, I felt like I knew him for ages. Such a fun and interesting man who was able to make friends with literally anyone. May he rest in peace.

“ So sorry to hear of Dave’s passing. I worked with Dave at Digital in the late 90s. He was a great boss and friend. I’m remembering his kindness, intelligence, curiosity and mostly the great laughs we had together. He made work so interesting and fun! Had so much fun geeking out on software. Reflecting that, yes, he was the best manager I’ve had in 57 years of tech. Rest in peace Dave and thank you for your friendship.

“ I worked with David on an IT project at Novavax up until last week. His grasp of large, complex implementations was impressive. He was always supportive and so kind to give positive reinforcement and make his colleagues feel valued. He was very proud of his daughters, their partners, and his grandchildren. When Hurricane Lee was hitting the East coast this year, David was sharing his love for surfing and being near the water. I’m happy I was able to have some conversations like that with him. I’m so sorry for his family’s loss.
