Scott/Amy, What a wonderful tribute to your Mom. She was a beautiful person inside and out. She was a great friend with an infectious laugh and I can't forget an amazing baker! No one could top her homemade Carrot Cake although others in our circle of friends may say her Lemon Blueberry was her best. Not only did we share a last name but lots of fun times on and off the course. She will be missed.

I worked, I laughed and sometimes cried with Donna for almost 10 years. She was such a special person. We had a special relationship. I never considered myself her boss. I hate that word. I was her work Coach, and she was a star player on my team. I broke her heart when I told her I was retiring and now she broke my heart leaving us all too soon. God Bless and R.I.P. Donna. Love, Ed

*I also worked with Donna 💕
I am shocked by this news. My heart goes out to her kid and grandbabies. She would rave over (not) kids she would always tell me when Kenny Chesney was coming and Eric Church and she always went with her son. ❤️🎵 we would crack jokes together, cried together, and she was a big supporter and a great buyer. Hard worker when we worked for Palomar and scissure, she would be in charge of the bread which is racks and racks of nuts bolts and screws. She would organize those shelves all the time every time a new part number came up. She would have to remove all those parts around to be in order she was very good at it. . Someone I looked up to and still do. Never had a mean thing to say to anyone always kind. She was always kind.! Big hugs to everyone that loves Donna Brady!*
