“ Just heard the bad news myself. All I can say is Eddy was an honorable guy always looking to do the right thing. I worked with him, fished in Wilton, and even drove his Honda 350k. There wasn't a day that went by at work where he wasn't making someone laugh. People would stop by the office to chat with him and he always found the time to make them feel good and pass along his best joke. That was a long time ago indeed but reading other peoples thoughts made me realize just how many other people got to enjoy his heart felt smiles and the positive aura he possessed. I feel lucky to have known him. I know he will be missed. I am sorry for your loss pam.

“ *I will never forget Ed's sense of humor, kindness and smile he always shared when he was around. Memories go back all the way to when I was just a little girl and Beth would baby-sit Ryan and I. Whether it be the cookouts on the back porch, you stopping by to drop off maple treats or my favorite rhubarb, seeing you at 4am plowing out the driveway so I could get out those cold snowy mornings, or just driving by and seeing you with Duke watering the front lawn always made me smile. The memories are endless; you will be missed by many Eddy. My thoughts are with you Pam, Beth, Jonathan and the rest of the family. Love always*

“ *Jon, words can't express how sorry I am for you and your family. I never met your Dad and although I have only know you for less than a year, I know that he must have been a special person based on the person you are. Our parents mold the people we become as adults. My thoughts are with you and your family.*

“ *"Uncle Ed",
I met you when I was 12 and from that very first day you have been a 2nd father to me. You took me to my very first Bruins game at the old garden. You took me on my very first deer hunting trip. You taught me how use every power tool in your shop. You could build or repair anything. Through my teens years when I fought with my parents I could always count on you to have my back. I can not think of any major life event in the past 30 years that you were not a part of in some way. A lot of the man I am today is because of the influence you had on my life. I love you and will miss you always.*

“ *"Uncle Ed"-*

Our boys loved to go visit "Auntie Pam and Uncle Cuckoo's" house. They always called you that because of how you always made them laugh at your silly jokes and stories. Devyn still shares a story of a sleepover that they had at the house when he was little. We loved our Christmas Eve dinners and camping at Apple Valley campground that summer...our family has so many fond memories of times we spent with the Bisbings! You will always be admired and remembered by us all.

“ Eddy "Daddy" - I have so many memories with you...camping, poolside, weddings, anniversaries, parties. My whole life, you've been apart of my family! You were like a second dad to Dee Dee & I. My parents' most fun times were with you & Pam. You had a way of getting my dad to act just as wild as you! I will miss your crazy sense of humor, stupid jokes, hugs, and your company. When I thinking about you, I hear you say the "Johhny's first day of school" joke you told me last week at the pool or one of your classic "Confucius say" jokes. You always knew how to make everyone smile. May you rest in peace. We all love you & will miss you dearly! Life won't be the same without you.
