My heart feels your loss Teddy, Lisa and Wanda. Losing our parents is heart aching no matter what age we are. Our Dad died 13 years ago today and Mom passed away 26 years ago later this month. Find comfort knowing that our parents taught and believed their new life has just begun. And they are with you everyday in your hearts and memories. I know mine are!

“ Dear Edward, Lisa, Wanda and family

I have never met any of you but I feel I know you. Your beautiful mother worked with me many years ago and she introduced me to your Dad. We became extremely close and they shared many stories about all of you and your families. My husband and I had lunch or dinner with your Mum and Dad for many years. I am heartbroken to know that they have both passed away. I am forever blessed to have known them both and I find peace in knowing that they are together as they were inseparable in life. I awoke from a dream this morning in which your Dad appeared to me and sadly discovered your loss. Please accept our deepest deepest condolences.

“ I'm very sorry to hear of your Father's passing. So soon after your Mom. It happens so often when two people spend so much of their lives together, devoted and in love. The separation takes an extreme toll. Your Father lived a long and accomplished life and any one of us should be spending our lives trying to do as well.
My sympathies and condolences go out to all in the family of Ed Vitiello Sr.
