“ I first met Liz in the 1970s when she worked in the same office building as I did. She was old friends with one of my co-workers, and she began to "hang out" with the women in our office. We went to lunch together frequently, and in later years when we were no longer working together, we began to meet once a month for dinner. Liz often joined us when she was living in Anchorage. I admired Liz for her pluck and courage and for her great sense of humor. We've had no real contact with her since she left Alaska for good, and we have all missed her. I know you will miss her too, and I'm so sorry.###imported-begin##Susan Abbott###imported-end##

“ Liz was a feisty and fun lady, who met her personal challenges head-on. She could work a full day, go for chemo, and still meet "the girls" for dinner afterwards. I admired her tremendously, not just for living with cancer, but for her dry sense of humor and the years she spent in the Alaska Bush and her tales of that time. Liz did things that some of us only dream of. She will be missed.##imported-begin##marie ward##imported-end##

“ I am so very sorry for your loss. Liz was a special person who was fun to be around and I am sure you will miss her terribly. I wish I could have visited with her one more time.

She didn't want to keep in touch with her Alaskan friends once she left here and we respected that.##imported-begin##Clare M. Hiratsuka##imported-end##
