“ *Please accept my expression of sympathy on the passing of a woman with class who made a difference in the world.. She raised incredible daughters who also impacted the communities in which they live. Thinking of you and hoping you keep the positive memories alive. Be well.*

“ My sincere condolences to Carol, Anne, and Michael on the loss of your mom, and to all in the extended family. I had the pleasure of knowing and working with Helene here in Orange County as the NAMI chapter was formed. She and Jean Tougas made it happen.. The success of the program today is her legacy. We had many great conversations, and although she was serious when she needed to be she smiled with me very frequently. We will never forget her or her advocacy here in Orange County. God bless her, may she Rest In Peace.
