“ *Jaimie was the type of person that you always hope will be in your life and that of your child with disabilities. She was always there, a friend, a great example of professionalism and she always talked to my son and the others too as a friend. She never looked down on them but rather the opposite. Smiles are what i think of with Jaimie and caring. She will be missed.*

My condolences to her family and friends.

“Jaime was my daughter's college roommate and quickly became part of our extended family.. In my mind's eye, I have fond memories of the two girls sunbathing on Higgin's Beach and family cruises in Casco Bay . in each and every memory, I see her smiling and enjoying life. It is with great sadness that I say good-bye to this bright light.

“Whenever a parent of a challenged offspring mentioned Jaime it was always with a smile, praise and the highest regard. Then a story would be told of some special surprise, outing or interaction that Jaime had with their family member and how being with her brought such joy to their life. She made the extra effort and time to understand, to oversee and relate to each person under her care. They felt her love. She was a consummate professional, always putting her client first. We are so grateful to have had her in our son Bob's life and we extend our deepest sympathy to her parents and family.

“Jaime was a gentle person loved by all. I had the honor of working with Jaime at Opportunity Networks, and ate lunch with her and O.N.'s clients almost every day. She had a special gift with all and was a true friend to many. I saw her earlier this year at Marshall's in Bedford, and she looked so well. Heaven got another angel, for sure.

“ *I was very fortunate to work with Jaime at Opportunity Networks and to have her do some respite for our family. She was a special young woman who brought a level of caring to the clients she served that was not often seen in paid employees. It was more than a job to Jaime, and the people she cared for loved her very much. Please accept my deep condolences to her parents and family for their loss and know what a difference she made in the world.*

“ *Hi I'm Jane and I met Jaime when she worked at Opportunity Networks I was one of her clients and when she left I became good friends with her. I was so sad to hear about her passing but I know she was sick for awhile. Jaime told me one time I was a special friend to her. She had become one of my favorites. I remember onetime when she worked at Opp Networks she took me to McDonalds to get a drink and in the car she had Michael Jackson on and I started to sing and when we got back to the shop she said if you put Michael Jackson on in the car that I'll start to sing. I could tell her anything even if I was unhappy and she'd help me to feel better. I will miss you Jaime you were a special person. sorry for your loss Jaime's family!*

“ *I never knew Jaime, but through my friend Cheryl I could feel the love and the pain of their shared journey. I know this: she is loved, and that's a gift that, as the cliché puts it, goes on giving. I hope her family can feel that love right now, and in the days to come. Thank you for letting me feel it, too. You all are very special people.*

“ *Jaime was always a kind person,who was my best friend, who would go out of her way to see others happy. I have great memories in high school being "pen pals" and her being my go to whenever I had a problem as an adult. We had lots of great memories that were shared, including spending time with my daughter hannah. I miss you very much! ?*
