“ *Our family is forever changed now. My Aunt Joan was such an amazing women and a very big part of our family memories. (especially Christmas) She taught me many things and I enjoyed my time with her so very much. I cherish it. I am so sad that my visits with her over a cup of tea are no more but I smile when I think of her being together again with my Mom and Nana. Her name is all over my home signed on so many of my beautiful holiday decorations that I love so much because they were made with just that, love, her love that she put into each item and then shared them with all of us. We love you Aunt Joan and you will forever be missed. Love, Verna*

“ *Aunt Joan was so much fun to sit and paint and or sew with. I had many hours of enjoyment with her throughout the years. Having cups of tea and laughing and sharing memories from her childhood with my mom. Christmas eves at her home with all the family around. She was an amazing woman and I will miss her terribly. Our world will not be the same without you Aunt Joan, rest easy and say hi to mom for us. We Love you, Tony and Linda*
