“ Josh was at my house a lot when he hung out with my son. He made me laugh from the beginning and would sit at my kitchen table and talk with me. Very unusual for a teenager to want to even talk to a parent but he did. I haven't seen Josh in years but it broke my heart to hear this crushing news. My deep condolences to the family. RIP Firebush Linda sanborn

“ Josh had a very honest way about him, I think that is why he was so well liked. He always told you how it was even if you didn't want to hear it. A great dude who always did so much for others. I'll try to add to my post a video I took of josh cleaning up my ketchup mess in the kitchen with some grill spatulas. My condolences to his family, he will be missed by many!

“ I met Josh only a few times, but liked him immediately. He was one of the most sweetest, genuine people I have ever met, and the world will never be the same without the light he brought to it. Many condolences to his family, friends, and loved ones.

“ There was never a day that I wasn't smiling when I saw Josh. His laugh was infectious and filled the whole room. He was a bright light that got extinguished too soon. In the short time I knew him and was with him, I've been given so many memories that I will cherish forever. Thank you Josh for being the amazing person you are.
