“ *My sincere condolences to all of Kathy's family. She & Dave have been our next door neighbors for the past few years. Although they were very private people we enjoyed some long chats. One fond memory is how excited both got when they saw me outside with my dog. Kathy was a very sweet person and although we didn't get together often we shared a lot during our conversations. I will miss her, but she is no longer suffering and will be enjoying eternal life with Dave.*
