“ My mother called me to tell me what happened. I immediately went to the photo albums and found old photos of birthday parties and cookouts. So many memories.... I remember running around the house on the fourth of July when we were little. All around the backyard and in the basement (the room full of toys jumping from one piece of furniture to another). Kyle was the life of the party. At least for the kids! Complete goofball. A memorable, sweet goofball. If it wasn't for Kyle, my mother may have had no children. She told me she fell in love with him the moment she saw him and knew she wanted to be a mother.

“ Dear Patty, Paul, Kate, Keegan, Nana and Pop, There are no words that can ever express the deep pain and sorrow that surrounds you on this immeasurable loss of your precious son, brother and grandson. So, instead, I send you my heart-felt prayers that in the days ahead, the memories you have of Kyle will come together as a beautiful tapestry -- remembering the lives he's touched, the blessings he's given and the strength in which he would want you to walk into the future together ~Love & prayers, Cathy, (Bonnie's mom)

“ Paul and family,  
We can not express the depth of sorrow we feel for all of you with the loss of Kyle.  
We have fond memories of Kyle through his friendship with Torin over the years. What stood out to us, aside from his kind and thoughtful demeanor, was his wonderfully smart and quick wit. It is clearly apparent that he was loved by many and will be missed greatly.  
Our hearts break for you and all who knew him and loved him.

“ Kyle was most certainly one of the good old boys. Always was respectful, helpful and courteous to his co-workers. I did not know Kyle outside of work but judging by what I have heard he was just a much a good guy outside of work as he was at work. The world is a darker place for sure for having lost him. My deepest condolences to Kyle's family and friends during this very difficult time.

“ I have had the pleasure of working with Kyle for almost 2 years. His low key, steady approach to his position made him well liked on the shop floor and in the office. Kyle was usually the last person i would see on my way out after a long day, and he always would turn, say good night and tip his hat.... I would like to extend my condolence to his family and network of friends.. Kyle was good people.. he will be missed very much.

“ Kyle was always so polite and helpful to me in any situation where he was needed and had so much expertise in so many areas beyond his engineering skills. Sometimes I would flip his baseball cap off behind him when passing by with his head back towards me but he always knew I was the culprit. He treated all his Rapid Family with such caring admiration and respect and I will always remember him especially for that reason. It breaks my heart to know he will no longer be here with us but want his family and friends to know and take comfort in knowing he is now with his maker in a safe and better place above and will be forever happy. He will remain in my heart always and I still have the two metal "bendies" as I called them that he once made and gave me for my desk. Every time I look at them I chuckle and think of him. My sincere sympathy and prayers to all his family and friends.....

It's way too soon for you to be gone Kyle, but to me you'll always be the happy, smiling kid I got to share my childhood with.
