“ *There are so many memories I could share with you of my friend Larry Leclerc. From him and I getting thrown out of a bar and calling his wife to get a ride home. To the multiple times of leaving his house to go to the local bar to watch sports. Larry, Dennis and myself would set up dates to enjoy each other's company. Many laughs were had. Each one of us supplying the others with rolling on the floor laughing experiences. All three of us took turns in making the other two laugh like hell. All those memories of laughing and having fun is what Larry was about.....Enjoying Life.... My condolences to Larry's Family... Good bye my friend... You will be missed...*

“ As a District Sales Representative for McKee Foods (Little Debbie) Larry was a valuable team member of District 18. When working with Larry we always managed to mix in some laughs with business. I must admit I was always relieved, after a day of being a passenger in Larry's truck, to safely exit and call it a day! Larry took his independent business seriously and even developed several other lines of product to enhance sales.

Working with Larry we developed a friendship outside the workplace. Larry always loved the outdoors and I recall him passionately talking about his Father's Day fishing trips with his sons. I am grateful to have worked with Larry and to have called him a friend. Please accept my condolences on his passing. I regret that I cannot attend his service as I am away.
