“ Dear Bill and Family, I have such wonderful memories of Lynn as a new employee at Continental, right out of college, buying her first home, getting married, adopting her Scooter who she loved so much and enjoying the beautiful outdoors of New Hampshire. “ *I am so saddened by this news as Lynn was a fantastic person. I had treatment at the radiation center for a couple of months and she was one of my favorite people there. We would always joke and have a good time and even though I was there for treatment, I actually looked forward to going each morning. She was a person with a huge heart and will be sorely missed. My sincere condolences to her family and friends.*

“ *Where to begin, Lynn and I have worked together for 15+ years at which time I found my Best Friend whose loss has not even begun to set in. She was the first person I would see in the morning and the first person I thought of to share things through out the day, she was the person who helped make sense of a crazy world. I will miss our walks in Mines Falls at lunch and our Kayaking trips on the Nashua River. We were the odd couple, I was painfully neat and well Lynn was organized in her own way, we were the odd "couple" whose friendship just worked perfectly. We had a way of looking like a "couple" too (sorry Bill), we would go out as a group for work and some how when the left overs were packed Lynn and mine ended up packed together, maybe first you need to know my name is Kathy. Lynn I hope we meet again, no I know we will meet again, you have just gone on to scout out the best rivers.*
