Although we did not know Mellssa personally our hearts are saddened by your loss it is the worst feeling in the world for a parent to lose a child no matter what the age. We are sure she is embracing the warm smile of our lord. Our thought and prayers are with you both always.

“ *These have been some of the saddest days of our lives. I remember meeting you Liss at the tender age of 18. You and dad sure had built up a bond over these last few years. I am greatly blessed to have witnessed it. You were an outstanding mother to Bentley! I want the world to know how dedicated you were to him. We can't begin to tell everyone how proud we were to see you make your little apartment a home. To see you make a little family. We know people will have their thoughts and opinions about what happened to take your life, however we know better. We will tell your story and we will share the good you were to this world. Dad and I have found some peace in knowing your with your beloved mother. We love you sweet Melissa! Xoxo till we see you again, rest easy our daughter.*

“ Melissa- my dearest friend. One of my favorite memories is our trips to McDonalds at midnight for coffee milkshakes because everytime we had one meant that we were having the best night ever. I also remember you coming in to see me after my lyss was born and being able to share the same moment in your life. Your smile is perfect, your laugh contagious, and your soul beautiful. Rest easy my B1. Fly as high as the angels can soar, and walk beside us like you never left.
It's been a long day without you my friend, but ill tell you all about it when I see you again.

I love you bestie.
