“ Aunt Shelley- I miss you dearly. I miss the phone conversations we shared. Hours upon hours, until my phone would go dead. You helping me through my rough spots in life. Pushing me to strive for better things in life. Encouraging me to move up my career in the medical field. You always put others before yourself. Thats what made you truly amazing. Your love for my dog Kayla was incredible. You asking me medical advice. Even though I always said " Shell, I cant tell you that. I am just an LNA. Ask your doctor" lol. But please know, because of you, I now am able to better understand my residents with diebetes. You have had an everlasting impact on my life. I thank you for all that you have done for me and all that you continue to do for me. You are only gone in body. You are still here in soul. Kayla and I love you unconditionally. You are in my everday thoughts. And phone calls! ;)##imported-begin##Katrina Parks##imported-end##

“ I have some fond grade school memories of being in class with Shelley. I also remember some of her health struggles from then as well. I trust she faced her battle diabetes with great courage and strength and am saddened to hear of her passing. I will say a prayer that she rests easy with Jesus and that her family finds comfort somehow knowing that she is smiling down upon you all.##imported-begin##Stephanie (Kanavos) Hartley##imported-end##

“ I think of Shelley as a bubbly, friendly "younger" cousin. Always fun to be around. The diabetes was always a challenge, but she was always upbeat and seemed to enjoy herself in spite of it. Love to you all. D.##imported-begin##Dody Hayden##imported-end##
