“ *We never truly got a chance to meet Monique, but I've felt quite close to her toward the end of her journey. When I've felt down, or simply felt overwhelmed about not being able to help the people near and dear to her as much as I'd like, I personally believe she placed a hand on my shoulder, expressing all of her support and reassurance without saying a word. I hope you're safe and finally free from the pain this world once placed upon you. We all love you, and we'll work our hardest to live the happiest and healthiest lives we can with you in our hearts.*

“ *We were broken hearted to hear of “Mo mo’s” passing. She was always so special to us with her bright smile and shyness. We loved her very much. She was a shining light at Kiddie Konnection.*
