“ Going to miss Pat. We worked together at MITRE for almost 20 years. We met at orientation atbMUTRE and were close friends throughout years. We started and retired the same day. We joined senior center together and had many fun times together. She was family oriented and loved and always worried about her family. I’m so happy to have been her friend and enjoyed her company immensely. Rest in peace Pat 🙏🏻

“ Pat was part of our original Liberty Bell family. About a dozen of us would meet every Thursday for coffee and enjoy our time together.. She didn't always agree on everything but there was mutual respect and we would agree to disagree. She loved her family and spoke so lovingly of her grandchildren. She also loved her friends and was loved in return. She enjoyed the fun of having a group of ladies to call friends. She will be sorely missed. Rest in Peace, Pat.

“ Pat was such a special lady. She loved her family and doted over her grandchildren. I will miss her immensely. All the great stories we shared and laughed out loud about. John and Brian I am so sorry for your loss. She talked about both of you and your wives a lot. Pat was one of the 12 "coffee girls". We met every Thursday morning at the Liberty Bell. I know how much they will miss her. I will always remember my dear friend Pat.
