“ Here I am Oct 2023...Rembering my fine Neighbors and their children, sadly missing those around me at 21 Saturn lane. Pete and Betty and Mary Libera were awesome as well as their children. I felt so safe in the community. I miss those days and my little chihuahuas who passed. I hope Petes daughter remembers me and the day her and her sister raised a American Flag as Pete directed via flip phone in my yard fir he was the one that set the mechanisms for me to do so. Missing you all Love Sandy 21 saturn

“Guitar

Darts

Golf

Creator of Bad Dad jokes, so bad they were funny!

“How’s the Chicken “ will live forever!

Strong work ethic

And stronger family values

Respect

While always fun loving and upbeat,

I admired his ability to be A Pillar of Strength through some difficult times. Which has and always will help me keep life’s events in perspective.

From the many projects, to hanging out in the shed with a cold one..

Thanks Pete, for Everything!!

My Grandfather was the smartest man I've ever had the opportunity to listen to. His stories of his past would bring me right into his history as if I was right along with him. He raised his family and extended family with an open heart full of love he had his own way of letting you know and feel like you were special to him (and we all were). He taught me that family is the most important thing you have in life. Love them cherish them and always let them know that you love them. My card skills have always been impeccable due to his joy of playing and teaching us how to play (I could shuffle cards at birth lol). I'm going to miss our time together but I will cherish the time we had and your stories will live on through me. I love you❤️

Most people don't often know there great grandparents let alone have a close relationship with them, but I was fortunate to have the chance. The stories he would tell painted the picture of a different work than the one that I know. He was one of the smartest men I have ever known. He have everyone in his family a lesson about life tucked away in an interesting story. I will never forget him and all he meant to me and our family. I love you Pepe.

“ *Allll of the games we used to play from the one he made us as kids to Shanghai. The shopping trips to the corner store where he'd get us the sour gum ball if we were good (we always got a gum ball). Asking Meme "How's the chicken Betty?" Sleepovers, watching me and my sister's favorite episodes of Columbo cause we'd refuse to watch any other episode. Hula skirt and coconuts. Too many memories to post but I'm so thankful that I have them. Love and miss you always Pepe!*

“ Oh Pepere. So many amazing memories. When we would stay at your place, you would come home with KFC and we'd watch Columbo. Watching you and my dad play guitar while Aunt Debbie sang. Playing cards. Playing golf. Your jokes. Your laugh. Your kindness and generosity. We will miss you but you will always be in our hearts.
