“ *Bob - Our paths only briefly crossed on very few occasions. But I am blessed to know Jennifer and our mutual friends. They are forever enriched by you, and I am better off because of them; therefore you. What an honorable legacy to leave for others to aspire to and how better to ensure comfort to your love ones after your loss. Well done Bob. God bless.*

My Da. Words will never be enough to explain how much I love and miss you already. You were and are my rock. You shared the most special day in my life, as you walked me down and handed me away.. to sharing the father daughter dance with me at my wedding just months ago. I could list memory after memory, but we would be reading for days. Not many grandfathers and granddaughters are as lucky as us to have the bond and relationship we have had. A piece of my heart will always be missing, but I know you will always be by my side. I love you forever, and always will. I will always "love you MORE".

“ Mr. Doyle - I've known you and your family for 45 years - almost my entire life. I will never, ever forget you - you were a huge part of my life and spending time at your house with Jenny and Chris created many happy childhood memories for me and my sister, Pattie. I will always think of you as the most loving father I've ever met - so dedicated to your wife and family; always making sure everything was done for everybody else. You are truly one-of-a-kind. I can smell your pipe as I speak. RIP - we will see you soon at a happier place. Love Kathy

“ Bob has been a good neighbor for the 20 years we have lived in Nashua. He was always outside in the front yard smoking his pipe. His lawn was filled with wooden crations that he built in his woodshop. Paula and I enjoyed chatting with Bob and the other neighbors in our circle. He was a good man and we are going to miss him.
