“ Robin, Jane & Tom,

Bob received many thank you cards and positive comments from his customers. It certainly seems that he gave great care to his clients and was always ready to answer questions and return calls. I enjoyed working with him and I know he enjoyed many things in his life ie: family, Florida trips, and oranges at farms stands on the side of the road.

“ I spent my high school years with Bob and other friends in common. We were together most every day as either I or another friend that had a car would pick up Bob on our way to Alvirne High School. We shared good times and many laughs both during school and after school in between the many part time jobs that we had. I recall that Bob had a propensity for math and numbers and remember him working for a bank on Main Street in Nashua and later at a mortgage lending company when he assisted me with a re-finance of my home. I have only good memories of the times that we hung out together and the experiences that we shared growing up in Hudson. While I hadn't crossed paths with Bob in the recent past those memories are clear and will not be forgotten. My sincerest condolences to his family.
