“ *Ron and I worked together for over eleven years, he was always the most professional engineer and manager I ever had the pleasure to work with. I would share a foxhole with him any day, the highest praise I can give anyone. For the past twenty years we always kept in touch, having brunches together and numerous phone calls. I miss him and pray for him every day. Rest in peace old friend and so long as I hope to meet again some day. Gene Kritter*
