“ *Steve had a big heart and was generous with his time and talent. I was a single mother living across the street from Steve and Tammy, and Nick. When my son Ben needed some work done in his room, Steve volunteered his time and know-how to make our lives more comfortable. When my car or lawn mower needed attention, he was always willing to help diagnose the problem. He made this world a better place by being here! Thank you for your generosity and kindness, Steve, and may your journey be better than you could ever imagine!.*
