“ It’s was such a honor working with Kim while she was at Bridges from the first day she got there till her very last moments. Every night when I would come in for my shift I always went to say hi to her first and she would have nothing but a huge smile for me! She always made my nights when working and especially the late night conversations including “something here”. It’s heartbreaking to know she’s gone here in the physical world but good to know she’s up in heaven dancing and singing and laughing!❤️ She was always my favorite since she came to bridges and I loved her so much! I love and miss you Kim!❤️

I will miss Kim very much. I am sad because I will not see her beautiful smile again but happy she is no longer in pain. No matter what was happening in her life that glorious smile was always on her face and it brightened everyone’s day. Kim will always be remembered for her kindness and concern for others. My sincere sympathy to her family and closest friends. I am so grateful for her impact on my life and thankful she was in my life. Kim was one of a kind.

*Love forever to someone whom I will never forget.
