“ I met Taylor on the first day of third grade. She was new in the school so I wanted to talk to her. Taylor was wearing a shirt that said “this is my tacky shirt” and it was a bunch of horse riding equipment. I didnt know they were called tack so I complimented her shirt but asked her to explain what it meant. She was always kind to me which I needed at that time. She will be missed

“ The first time I saw you, you were a newborn in a baby rocker at Beth’s house in Nashua. You looked just like your father...thank goodness you grew out of that! (Sorry Nick)
You moved to Florida and I didn’t see you for a couple of years until you moved back to Hudson on Wason Road.
I babysat you and your brother and that’s when you became lifelong friends with my girls, Gina and Marie.
You were always smiling, always happy. You were the most pleasant child I have ever known. Tall and skinny with giraffe legs❤️

You moved to Pepperell and we lost touch for a bit but then you came to live with us for your senior year and that was a wonderful year!
We had our moments, you wanted to go out and I wanted you to stay home and we butted heads but you were ALWAYS such a good kid and just like another daughter to me.
I am devastated that you are not with us and I am praying for Karen and Nick and Brian and Shana and your whole family that they can get through this and know that you were loved by so many people.
Heaven has truly gained a very special angel.
Rest easy sweet Taylor🙏
