“ Dear Coffey Family,
I went to Keene State with Tyler and he was a remarkable person along with friend. There was not one week that went by that I did not see him, and every time that we were together there was always a smile on his face nothing ever let him down. He was truly one of a kind, and I know that he will live on forever through memories and photos. No matter where we are a part of him will always be with us. Your family is in my thoughts and prayers. I also want to thank you for bringing such a great person into all of our lives.

“ Tyler,
I never met you but we went to the same school and we'd both be juniors in the fall. I'm still upset that you're gone because I just read about you and you had so much going for you. You had a big family and lots of friends, had talent and aspiration, and were taken too young. I cannot comprehend the number of people who must be missing you right now and wish to see you one more time. My prayers are with your family and friends: they must be strong, good-willed people to have played such an important role in such an awesome guy's life. Until I finally meet you up there, may angels lead you in##imported-begin##Jennifer McMaster##imported-end##

“ Dear Coffey Family,

I am a student at KSC and was in a film with Tyler freshman year for his roommate. I am deeply sorry for this tragic and sudden loss, Tyler was a great guy and friendly face on campus. I enjoyed spending what little time I did with him, and admire his dedication and determination. He had a wonderful sense of humor, which made the filming process go by much easier. I will miss seeing him around campus.
