

Virginia "Ginny" Walsh

May 18, 1943 - August 9, 2024

Virginia Walsh, 81, passed away Friday, August 9, 2024 at the Southern NH Medical Center in Nashua after a courageous battle with cancer. Ginny was born on May 18, 1943 in New Britain, CT, a daughter of the late Theodore and Florence (Humason) Skinner. Ginny was also predeceased by the love of her life and husband of 44 years, Thomas Walsh, and her brother Richard.

Ginny loved her family, and enjoyed any opportunity or event where she could see her kids and grandchildren. She loved traveling, shopping, roses and restaurants but most of all, the beach. She single handedly kept the card business afloat, promptly sending cards for all occasions with personal note in her wonderful penmanship (and if you were lucky, a fresh \$2 bill). She enjoyed quality baked goods (scones were a favorite) and kept the cleanest house you ever saw. An avid sports fan, she always had the game on (especially golf). She cherished her dog Dublin (who was her daughter's dog until Ginny moved in and fixed that).

Ginny's legacy is of self-less love, kindness, dignity and strength. She taught us how to be the best versions of ourselves. Born and raised in New Britain, CT, Ginny was a dedicated daughter who always put her family first. In the mid 1960's, she began working for the Hartford Electric Light Company where she met Tom. Married in 1968, she couldn't start her family fast

enough. After living for several years in Pittsfield, MA, where they made and maintained many friendships, Ginny and Tom moved the family to Nashua, NH in 1980. Ginny was always the most diligent worker. When the kids were old enough, she started working full-time at Southern NH Medical Center. A staple in the central supply department for over 30 years, she was able to make connections and friends all over the hospital. She often found an excuse to spend extra time in the nursery, so she could see the new babies. She was very proud of the vacation home she and Tom purchased in The Villages and thankful for all the great friends they made in Florida. Rather than be angry at Tom's passing in 2012, Ginny instead was thankful for the wonderful life they built, the successes of their kids, and the love and many laughs they shared. Now their journey continues.

Ginny's family would like to thank the team at Foundation Oncology and the staff at SNHMC for the wonderful compassion and care they gave Ginny and her family during her illness. [L][L][L][L]

“ *Ginny was the dearest friend to so many. She was always there, ready to help and listen. She gave so much selfless care, concern, and wisdom to each of us. Surely, she has her "wings" now and is united with those She loves in Heaven. God knows how much we will miss our saint Ginny! She was all of our treasure. May our memories of Ginny eventually turn our tears into smiles! Love you, my dear friend!*

“ I only worked in Material Management with Ginny for a few years before she retired. She was always the kindest, sweetest individual you could ever meet. Always smiling and interested in how "you" were doing. I had run into her at the hospital a few times over the last few years. It was always great joy to see her. Last March I celebrated my 70 b-day and a lovely lady threw me a great party at the hospital. As I was talking to folks I turned my head to see an all too familiar smiling face. It was Ginny. She came to spend time with me and the other folks she formally worked with. Talk about a blessing...

To the Walsh family... how fortunate to be part of this wonderful woman's family. The memories to be shared in future gatherings will be many and will be repeated for many years to come. May they bring smiles and warm hearts to all who listen. God bless you all... and I think Ginny would like all of us... to keep smiling :)
